6. PROJECT REPORTS

Under this topic you will find our summarized project reports.

Village Brabal:

According to our sustainability report dated 7th of October 2008, we donated a sum of NPR 15,000.00 on 22nd of September 2008 for the repair and the reconstruction of the way in Brabal. The way was destroyed by a landslide and no longer accessible.

The landslide destroyed everything

The way has been reconstructed stone by stone

New way in Brabal

Village Thulo Shafru (landslide):

Pursuant to our last sustainability report dated 7th of October 2008, we gathered an amount of NPR 156,048.05 for the landslide victims in Thulo Shafru.

Meanwhile we received the actual losses of the victims. Due to administrative hindrance reasons we were not able to deliver the donations to the landslide victims. We assume however that we can perform the delivery yet in January 2009.

Furthermore we decided to donate a part sum of the donations to the women group. The women group like to build a water mill in Thulo Shafru. To grind grain freshly the women have always to walk (around 1 hour by foot) to the next water mill in Brabal.

The first amount of NPR 15.000,-- for the construction was already delivered on 20 th of December 2008 . We will buy the water pipes as well as both millstones (summer and winter) in Kathmandu and Trisuli. The delivery to Thulo Shafru will presumably be in January 2009. We hope that the new water mill is already ready for use when the Tibetan New Year Festival Loshar takes place in the end of February 2009.

Shree Primary School Komin

The generous school and writing material donations from Germany as well as the nine school uniforms and school bags inclusive exercise books and pencils could be delivered to the Shree Primary School Komin in November 2008 after the Dashain/Tihar vacation.

Child Sponsorship

Would you like to support one of these children financially? Write us, we mediate the personal contact to "your" godchild and settle all formalities with the respective school.

Benita Adhikari

Benita Adhikari, born on 27 th of August 2001 is living in Kathmandu together with her parents and four sisters and brothers. Her father is unemployed and her mother works as a housewife. Benita attends the governmental school in Kathmandu.

Dhinesh Tamang

Dhinesh Tamang, is born on 26 th of July 2003 and has one younger brother. As his parents work in Kuwait he is living together with his grandparents in Barkhu, a small village in the Langtang region. Dinesh attends the governmental school in Barkhu.

Nirmal Tamang

Nirmal Tamang, is 10 years old and has four sisters and one brother. His father has been working in Kuwait since 6 years. His mother abandons he and his sisters and brother and she do not look after her children. Now Nirmal is living together with our member Tenzin Dorje Tamang in his house in Barkhu and Tenzin takes care of him.

Soniya Tamang

Soniya Tamang, is 8 years old and she is Nirmal's sister. She is living together with her sister in the village Barkhu.

7. INTERNATIONAL CHILD RIGHT DAY 2008

At 21st of November 2008 our organization was invited to the International Child Right Day 2008 as well as to the 21st anniversary of CWIN Nepal, a national help organization for child rights.

Beside some official speeches, children from 75 districts sang and informed to the subject "respect child rights in "new" Nepal".

Moreover the large problematic of "children with AIDS became outsider" were addressed. Based on missing information about this illness, children are treated as an outsider or are not allowed to attend school, especially schools in Kathmandu. By contrast the exemplary and integrating manners of the people in the mountain villages were mentioned. In the village all children are treated equal and the children with AIDS are socially integrated in the school background.
